

Market Lavington Parish Council

Internal Audit Report 2022-23

Chris Hall

Consultant

*For and on behalf of
Auditing Solutions Ltd*

Background

Statute requires all town and parish councils to arrange for an independent internal audit examination of their accounting records and system of internal control and for the conclusions to be reported each year in the AGAR.

This report sets out the work undertaken in relation to the 2022-23 financial year. With the assistance of the Clerk we have been able to view prime documentation for the year, to facilitate completion of our review for the year and sign off of the Internal Audit Certificate in the year's AGAR.

Internal Audit Approach

In undertaking our review for the year, we have again had regard to the materiality of transactions and their susceptibility to potential misrecording or misrepresentation in the year-end Statement of Accounts/AGAR. Our programme of cover has again been designed to afford appropriate assurance that the Council's financial systems remain robust and operate in a manner to ensure effective probity of transactions and to afford a reasonable probability of identifying any material errors or possible abuse of the Council's own and the national statutory regulatory framework. The programme is also designed to facilitate our completion of the annual 'Internal Audit Report', which requires independent assurance over a range of internal control objectives.

Overall Conclusion

We have concluded that, based on the programme of work undertaken this year, the Council continues to maintain adequate and effective internal control arrangements. In light of this we have not made any formal recommendations.

We have completed and signed the 'Internal Audit Report', having concluded that, in all significant respects, the control objectives set out in that Report were being achieved throughout the financial year to a standard adequate to meet the needs of the Council.

Detailed Report

Maintenance of Accounting Records & Bank Reconciliation

The Council maintains its accounting system on the Rialtas Alpha system, which is in widespread use across the Small Council sector.

We have interrogated the Alpha records to determine whether the accounting records are being maintained accurately and currently and that no anomalous entries appear in the financial records. To that end, we have:

- Ensured that an appropriate analysis of income and expenditure is available in the accounting system;
- Confirmed that the accounts are in balance and that the 2021-22 outturn has been correctly brought forward into 2022-23;
- Checked and agreed sample transactions in the accounting system to the relevant Lloyds Bank (Treasurers and Business Instant) account statement.

We are pleased to note that, in line with the requirements of the Governance and Accountability Manual (G&AM), regular bank reconciliations are prepared during the year and subjected to independent Councillor scrutiny and sign-off in accordance with Financial Regulation 2.2. Care should be taken, however, to ensure that the independent Councillor is not used as a payment signatory.

Conclusions

No issues arise in this area warranting formal comment or recommendation, other than the observation about Councillor independence.

Review of Corporate Governance

Our objective here is to ensure that the Council has a robust regulatory framework in place that Council and, where applicable, Committee meetings are conducted in accordance with the adopted Standing Orders (SO's) and that, as far as we are able to reasonably ascertain, no actions of a potentially unlawful nature have been or are being considered for implementation. We also aim to ensure that appropriate policies, procedures and protocols are in place to prevent and provide a reasonable assurance of the detection of any fraudulent or corrupt activity.

We note that SO's and Financial Regulations (FR's) are in place, and are reviewed on a biennial basis (the next being in 2023-24) unless there is a new issue of the NALC Model Form. We note that the level at which formal tender action is required has been maintained at £10,000. is consistent across both documents, and the Minutes contain good evidence of tendering in practice

We have examined the minutes of all Full Council meetings for the year to determine whether any issues exist that may have either a legal or financial impact on the Council and its future financial stability, whilst also ensuring that, as far as we may reasonably be expected to ascertain, the Council has neither considered nor is considering any actions that may result in ultra vires expenditure.

The Council's website shows a good level of compliance with the requirements of the Transparency Code 2015.

Finally, we note that the Exercise of Public Rights with regard to the 2021-22 Accounts was properly undertaken with regard to the Accounts and Audit Regulations.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Review of Payments

We have reviewed all payments made during the year to determine whether the following criteria were met:

- Payments were supported by a trade invoice or acknowledgement of receipt.
- VAT has been calculated correctly and is recovered at appropriate intervals.
- The Council approved each payment at an appropriate meeting.
- Payments have been correctly analysed in preparation of the year-end Statement of Accounts.
- Section 137 payments have been identified in the cashbook and are within the Council's spending limit.

We have test-checked a valid sample of payments as recorded in the Alpha system, with no issues arising. We also tested that payments had been coded correctly as part of the above sample testing.

We note that all payments tested were supported by an invoice or other appropriate document and all amounts agreed to the Alpha system (including VAT). All payments also showed evidence of approval. A complete list of approved payments is included in the Full Council Minutes.

Finally, we note that VAT is being recovered from HMRC on a quarterly basis.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Assessment and Management of Risk

We note that the Council continues to maintain and review its Governance, Finance and Management Risk Register in accordance with the requirements in Financial Regulations, having reviewed its risks at the May and December 2022 meetings.

Zurich Municipal (via Community First) continues to provide the Council with insurance cover. Employer's and Public Liability cover are both in place at £10 million each, with Fidelity Guarantee cover set at £100,000 and other appropriate assets cover.

We note that both regular reviews, and independent annual reviews, of the safety of the Council's recreational facilities are undertaken.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Budgetary Control and Reserves

We note that the 2023-24 budget was discussed at the Full Council meeting in December 2022, resulting in a detailed budget being agreed and a Precept of £68,523 being set.

We are pleased to note that monthly reviews are undertaken of the budgetary position, and a special review was undertaken in March 2023 which recommended holding back some non-essential spend in the light of increasing costs.

The Alpha system shows that Earmarked Reserves of £13,838 have been carried forward into 2023-24, there having been considerable planned expenditure undertaken during 2022-23. This leaves a General Reserve balance of £30,616 at 31 March 2023, which equates to approximately 45% of the approved Precept, which we regard as prudent.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Review of Income

The Council receives income, in addition to the annual Precept, from the hire of the Elisha Field and Pavilion and Old School House and small amounts of bank interest. We have test-checked a sample of transactions with no issues arising.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Petty Cash Account

The Council does not maintain a petty cash account. Therefore, no issues arise in this area warranting formal comment or recommendation.

Review of Staff Salaries

In examining the Council's payroll function, we aim to confirm that extant legislation is being appropriately observed as regards adherence to the Employee Rights legislation and the requirements of HM Revenues and Customs (HMRC) as regards the deduction and payment over of income tax and NI contributions.

We have test-checked salary payments made to both the Clerk and the Old School Cleaner by reference to their payslip and approved salaries, as minuted, along with payments of NI to HMRC via the Basic PAYE Tools system.

We note that the Clerk is now a member of an appropriate pension scheme.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Asset Registers

The Governance and Accountability Manual requires all councils to maintain a record of all assets owned by the Council, reported at purchase cost or, where that value is unknown, an appropriate valuation which can be a nominal £1.

The Council's Asset Register at 31 March 2023 was approved by Council at its meeting in March 2023. We believe the Asset Register provides an appropriate reflection of the Council's assets.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Investments and Loans

The Council does not hold any investments outside of its Lloyds bank accounts.

Two loans with PWLB are in place with repayments made at half-yearly intervals. We have confirmed the balance outstanding at 31 March 2023 to the PWLB Statement, and have also ensured the accuracy of the residual loan liability disclosed at Box 10, Section 2 of the AGAR.

We note that a £2,000 loan was made to the Vintage Meet in March 2023, which will be recovered during 2023-24. This does not affect the reported Accounts.

Conclusions

No issues arise in this area warranting formal comment or recommendation.

Statement of Accounts and AGAR

The AGAR incorporates the Council's Annual Accounts, which are subject to external audit scrutiny and verification.

We have verified the various Alpha outputs and supporting data obtained during our audit to the proposed AGAR, with no issues arising.

Conclusions

There are no matters arising in this area of our review process and we have duly signed off the Internal Audit Certificate in the AGAR, assigning appropriate assurances in all relevant categories
