

Market Lavington Parish Council

Asset Register as at 31st March 2024

Annual physical check of assets carried out by Clerk 7/3/24

Notes:

1) Asset values are based on purchase cost if known, or an estimated value / valuation. Following the 2020/21 Internal Audit, a recommendation was received from the Internal Auditor to determine a more reasonable asset valuation for the Old School and Elisha Field Pavilion. Local Estate Agents, Strakers of Devizes, were therefore instructed to carry out a valuation on both properties for audit purposes in July 2021, and the asset values on the Asset Register were duly updated to reflect the new valuations obtained.

2) 'Community / Amenity land' valued at £1.

3) The Community Hall which has been built on the Community Hall site is leased for a nominal amount to the Market Lavington Community Hall Trust, who has responsibility for its running and upkeep.

Items highlighted in 'green' have been purchased during this financial year
