3. Discussion from 3 site meetings and actions from.
4. Preparation for grant application 3.6.24 TA.
5. Report on static cardio equipment.
6. Actions moving forward
6. Close of meeting

Item	Subject	Action
1	Present: Cllrs Chloe Stevens and Jane Taylor, TS, TA, Apologies: RS and KW	
2	Chloe asked if it was appropriate to remain as Chair as now Parish Council Chair. As reports submitted to all councillors and decisions made at full council, it was agreed that Chloe could remain as Chair of this working group.	
3	Chloe summarised the outcome of the 3 site meetings, notes of which had been previously circulated. The football club agreed a running track would be very useful for the club and could do extra cuts to provide a 150m track which would be at the expense of Goddard & Sons. Tim to measure the perimeter which would be less disruptive to other activities. Suggestion to left of gates doesn't fit in with Scout requirements. From a Risk Register perspective, the resident's suggestion of far left hand corner precludes accessibility for users. Therefore the preferred location is to right of gates by hedge separating car park. Proludic thought it may raise comments having sports equipment near play equipment, but Mark Goddard confirmed there is more than the 20m distance required between the two. Chloe has followed up funding from the Scout group but no funding available.	Tim
4	TA is to attend the Area Board meeting 3/6/24 re our grant bid for £5,000 for youth, which he is fully prepared for.	Tim
5	The suggestion of purchasing second hand equipment was discussed at the PC meeting with the conclusion that further questions and investigation was needed. However, it's now sold so no further action.	
6	A summary of potential monies available: Youth grant (Area Board) £5,000 Gaigers (on installation) £1,000 Lions Club £250 Other grants to be pursued Chloe to ask Carol, Clerk to PC if changing the name from SFWG would alter access to funding streams.	All  Chloe
7	Next meeting to be arranged when necessary. Meeting closed at 10:45am
